SATURDAY

With engineering work commonplace at weekends, full diagrams are not shown because workings vary from week to week.

Newquay Line HSTs (Until 8th September)

1C71 0857 PLY-NQY 1047, 1A86 1130 NQY-PAD 1632
1C80 1117 PAD-NQY 1647, 1A97 1728 NQY-PAD 2241.

Pembroke Dock Line HSTs (Until 8th September)

1B01 0723 SWA-PMD 0944, 1L62 1001 PMD-PAD 1532
1B15 0845 PAD-PMD 1413, 1L90 1455 PMD-PAD 2030.

Note the Summer Saturday Bristol-Weymouth service which has been HST in recent years is now booked for DMU operation and there are no planned HSTs on this route.

SUNDAY

With engineering work commonplace at weekends, full diagrams are not shown because workings vary from week to week.

Newquay Line HSTs (Until 9th September)

1C77 0957 PAD-NQY 1513, 1A94 1559 NQY-PAD 2127.

GENERAL NOTES

Note that these are the normal booked diagrams, which can be subject to alteration at any time for operational reasons. In particular, weekend workings are often amended for engineering work. Diagrams may also be altered to cater for large crowd events such as racing at Cheltenham, music and sporting events at Cardiff. Headcodes beginning with 3 or 5 are empty coaching stock (ECS) workings which are only shown where they are greater than 6 miles.

125 GROUP

Formed in 1994 to share news on the fleet, our objective is to preserve a production High Speed Train powered by the original Valenta engine, to this end we have acquired a large number of major components. We have grown to over 550 members and recently became a registered charity with industrial designer Sir Kenneth Grange our Hon President. 125 Group took the last surviving prototype power car 41001 on long term loan from the National Railway Museum in 2012 and under the 'Project Miller' banner, in honour of the BR Chief Engineer behind the original HST, we have restored it from a static exhibit to full working order for use on Heritage Railways. Thanks to our benefactors, volunteers and the kind help of the railway industry, 41001 is now a regular performer at its home base Great Central Railway (Nottingham), running with our growing fleet of Mk3 coaches.

Interested in HSTs ... then why not join 125 Group? Members receive our quarterly magazine packed full of news, information and informed comment on the mainline HST fleet plus behind the scenes in-depth reports on our preservation activities. Visit our website to join on-line.

If you find these diagrams useful then please help us achieve our aim of building an HST Depot at GCRN Ruddington to house Prototype 41001 and Production HSTs which we plan to acquire in the future. Visit our website for more information and details of how to donate - Thank You!
